Subject: UAA qus. for rules

Qu on UAAs (follow up from a question raised at an earlier Advisory Committee mtg): In our draft code we have UAAs applying to changes in Aquatic Life & Recreation uses if going to a use with less stringent criteria. What about Wildlife? What about Public Health & Welfare? Our PH&W use applies to all waters, and has a subset of waters that are Public Drinking Waters Supply Use—Public Drinking Waters Supply Use change would be done using a Use & Value Demonstration instead of a UAA, correct?

We are committed to service excellence.
